Department of Mathematics
University of Louisville, Louisville, KY 40292

Tenure-track position in Statistics

The Department of Mathematics at the University of Louisville is seeking to fill a tenure-track position in Statistics at the Assistant Professor level beginning Fall 2016. The University of Louisville is a Metropolitan Research University located in Louisville, the largest city in Kentucky. The Department currently has 29 tenure stream faculty members and offers graduate and undergraduate courses in mathematics and statistics leading to a BA, BS, including an actuarial concentration for the BS, an MA in Mathematics and an applied Ph.D. degree.

Minimum qualifications for this position include a Ph.D. degree, or its equivalent, in the Mathematical/Statistical Sciences with demonstrated strengths in research and teaching. Expectations include that the successful applicant will actively engage in research, pursue external funding and contribute to both undergraduate and graduate instruction, including general education and service courses.

Applications received by October 1, 2015 will receive full consideration, but review will continue until the position is filled. Please submit the following items online at this mathjobs.org website:

1. Cover letter
2. Curriculum vitae
3. Summary of research accomplishments and interests
4. Statement of teaching interests
5. AMS Standard Coversheet
6. At least four letters of recommendation which discuss at length your research and teaching qualifications (to be submitted by the reference writers at this site)

In addition, applicants must apply at the University of Louisville website http://louisville.edu/hr/employment/jobs/currentopenings for Job ID 31923 by submitting their CV.

Dr. Kiseop Lee (kiseop.lee “at” louisville.edu) will be attending the Joint Statistical Meetings in Seattle from August 10-13, 2015.

The University of Louisville is an Affirmative Action, Equal Opportunity, Americans with Disabilities Employer, committed to diversity and in that spirit, seeks applications from a broad variety of candidates.
